

Claim Status Inquiry

Simply connect. VisionShare® makes it easy.

Secure
CMS-approved solution

Fast
Use your existing high-speed Internet

Reliable
Decrease disconnects

Simply connect.

Now you can connect online simply and quickly to check Medicare claim status, eligibility and claim history using Claim Status Inquiry (CSI).

It's faster because you connect online using your high-speed Internet connection. It's convenient because it's available in real time. And now you can access CSI through the *VisionShare*® Secure Exchange Site Web portal.

Secure Exchange Site is unique because you'll:

- Spend less time on the IVR system
- Maximize your staff's time and increase productivity
- Save on connectivity costs and avoid hidden fees

Access to CSI through Secure Exchange Site makes it easy for you to check eligibility and determine where a claim is in the processing cycle – paid, denied or pending. Additional benefits include:

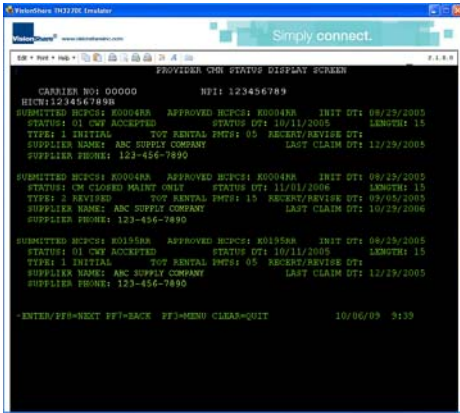

- Peace of mind knowing your transactions are secured through our CMS-approved and HIPAA-compliant system
- Access to the outstanding *VisionShare* technical services team

Plus, you can also send Medicare claims (837), receive remits (835) and obtain reports using Secure Exchange Site.

Simply timely.

The Certificate of Medical Necessity (CMN) also known as “same and similar” is now available online through the Claim Status Inquiry. That means your denials for same or similar of equipment already being used can be decreased with access to CMN.

CMN is a function of CSI and is available online. So, you won't have to go through the IVR prompts any longer. Instead, simply enter basic information to make an inquiry online.

About VisionShare

VisionShare is a leading provider of high-speed, low-cost data communication services for healthcare organizations. The company's Secure Exchange Software is setting new standards for secure healthcare information exchange, using advanced encryption and authentication technologies that exceed regulatory requirements for Protected Health Information. VisionShare has cost-effective solutions for facilities of all sizes that enable safe, high-speed connections to multiple payers over the Internet.

The following items that require CMNs will be covered in the same and similar information¹:

- Oxygen
- Pneumatic compression devices
- Osteogenesis stimulators
- Transcutaneous electrical nerve stimulators (TENS)
- Seat lift mechanisms
- Enteral/parenteral nutrition
- External infusion pumps
- Respiratory Items (positive airway pressure devices, nebulizers, respiratory assist devices)
- Hospital Beds
- Mobility Devices (canes, crutches, walkers, manual wheelchairs, power wheelchairs, power operated vehicles)

Simply reliable.

Use your high-speed Internet connection!

- No more keying in strings of information into the IVR
- No more dropped calls or slow connections
- No more sitting on the phone
- No more dial-up modems

Connect directly to your Medicare Contractor and expedite your transactions online.

VisionShare[®] Secure Exchange Site Claim Status Inquiry package allows you to check:
