

Send Claims and Download Remits

Simply **connect**. VisionShare® makes it easy.

“Dial-up and leased line options are very expensive. The leased lines cost too much. Dial-up is slow and means hourly charges and lots of other fees. These options aren’t acceptable.

“VisionShare is faster and it gives us unlimited usage for one flat rate...”

*- Paula Holt
Systems Coordinator
Central Washington Hospital*

Secure

CMS-approved solution

Fast

Use your existing high-speed Internet

Reliable

Decrease disconnects

No surprises

One low, flat fee

Low-cost, high-speed Internet connectivity

VisionShare secure connectivity is an innovative and cost-effective alternative to problematic dial-up or leased-line transmission of Medicare claims and remits. We provide reliable, high-speed Internet-based connectivity for the secure file transfer of claims and remittance advice transactions with Medicare contractors nationwide.

Using your existing Internet connection, you can easily access your Medicare Fiscal Intermediary or Medicare Administrative Contractor for:

- Claim submission (837)
- Remittance advice (835)
- Claim status inquiry (276/277)
- Claim confirmation (997)

Convenient. Send claims when you want to. Eliminate busy signals, disconnects and the need to send claims during off-hours.

Simple to use. It’s as easy as sending an e-mail attachment.

Improves processes. VisionShare software integrates with most patient accounting systems so you enjoy automated, efficient secondary claims processing.

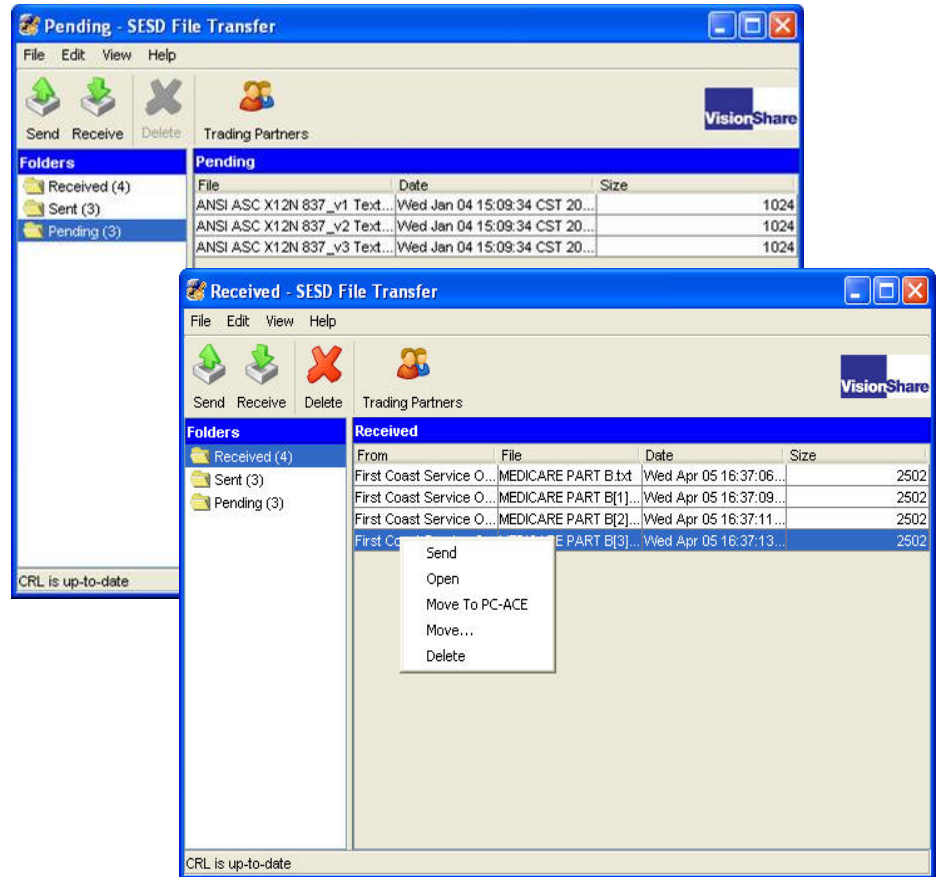

No surprises. Pay one low, flat rate — no metered charges, no monthly invoicing fee, no per connection fee.

Connect with confidence. CMS approved, CAQH CORE certified and HIPAA compliant.

Go beyond Part A. We can also provide you with connectivity to other lines of business such as Part B, Regional Home Health & Hospice, Eligibility, Durable Medical Equipment, Railroad, Section 1011 and more.

Advanced workflow and routing capabilities

The desktop version of Secure Exchange Software has an intuitive user interface that makes it easy to transmit standardized transactions such as Medicare claims and remits.

About VisionShare

VisionShare is a leading provider of high-speed, low-cost data communication services for healthcare organizations. The company's Secure Exchange Software is setting new standards for secure healthcare information exchange, using advanced encryption and authentication technologies that exceed regulatory requirements for Protected Health Information. *VisionShare* has cost-effective solutions for facilities of all sizes that enable safe, high-speed connections to multiple payers over the Internet.

Our enterprise version can be configured to automatically send 837 claim files and retrieve 835 remittance files.
