ABILITY | EASE®
Home Health

Benefits for Your Organization

- **Stop wondering and worrying –** Speed up and gain insights into your entire ADR management process – all within ABILITY | EASE!

  - Receive automated alerts for ADRs

  - Assemble and upload documents, then use the HIPAA-compliant electronic delivery for ADR responses

  - Use a simplified tool to fully track all your ADR responses

- **Eliminate delayed and lost revenue –** Automate time-consuming processes: checking Medicare eligibility and claim status, fixing rejected claims, and more

- **Gain greater visibility and control over A/R and payment information –** Easy workflow and user-friendly reports help you manage cash flow projections, Medicare claims and eligibility issues to be resolved. In addition, the Analytics feature drills down further, with reports that allow you to:

  - Gain visibility in real time to actual payments and forecasted revenue

  - Receive timely information on Key Performance Indicators (KPIs) such as: Date of Service (DOS) to Paid; DOS to DDE; DDE to Paid; % Reimbursed; and more

  - Get continuous awareness of potential revenue leakage

- **Generate A/R reports across multiple NPIs/business units –** Get a high-level summary on all claims statuses or drill down to itemized claim level

ABILITY | EASE® for Home Health automates time-consuming DDE/FISS Medicare eligibility and claim processing activities, which means you get paid faster. With ABILITY | EASE, you receive advance alerts for receivables at risk, have easy eligibility look-ups, and benefit from a simple automated process to correct complex and multi-step claims.

Home Health Care staff historically spent countless hours checking Medicare eligibility, fixing rejected or T status claims, checking claim status in DDE and following up on resubmitted RAP or final claims to ensure proper payment. Whether you have an average daily census of 4 or 30,000, a single agency or a system with 500 locations – ABILITY | EASE can make your life significantly easier.
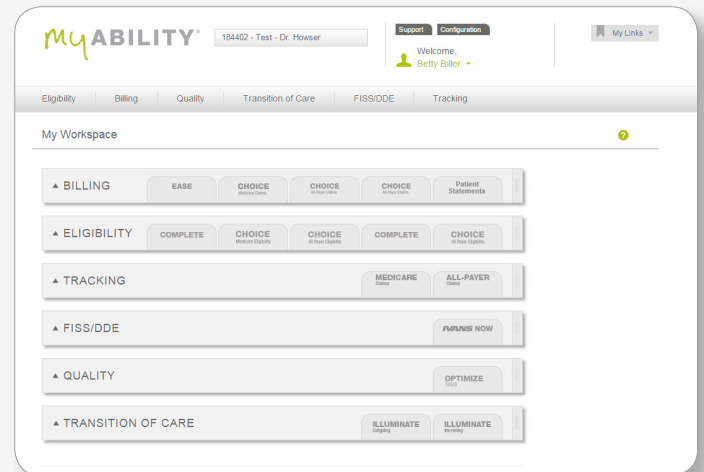

- **Easy to use analytics function** gives you continuous visibility into your revenue operations

- **Secure, electronic** medical documentation submission and tracking for ADR management

- **Automatically check eligibility status,** including HMO, Advantage Plans, Medicare as a Secondary Payer, and overlapping home health agencies

- **Daily email** informing you of Medicare dollars you'll receive that day, and expected dollars for the next day

- **"Move Catcher"** that alerts you to patients who switch from HMO to HMO or back to Medicare

- **Quick Click-to-Fix** for faster, automated claims correction

- **Management reports –** Full reporting capability with easy, analytical support showing status of Medicare revenue: claims stuck in suspense, eligibility issues, T status claims, overnight summary report and unpaid claims report

- **Easy implementation, with minimal IT involvement –** ABILITY web-based services are compatible with current versions of industry-leading browsers (e.g. Internet Explorer, Chrome, Firefox).

The myABILITY® Platform

Connect to all of your ABILITY services via myABILITY, a SaaS delivery platform that gives you on-demand access to everything you need. Whether it's eligibility and claims, Medicare connectivity, or revenue cycle management services, ABILITY can help your financial, patient access, scheduling, and administrative areas work more effectively and efficiently.
