KanTime Announces Preferred Partnership with ABILITY Network to Help Home Health and Hospice Providers Streamline the Revenue Cycle

KanTime customers now have easy access to SaaS-based revenue optimization, eligibility and reimbursement applications from ABILITY

Dallas and Minneapolis – (December 18, 2019) – KanTime Healthcare Software, the post-acute healthcare market's fastest-growing Electronic Medical Record (EMR) software provider, and ABILITY® Network, an Inovalon company (Nasdaq: INOV) which provides advanced, cloud-based platforms empowering data-driven healthcare, have partnered to help KanTime home health and hospice customers streamline and simplify management of their revenue cycles.

This partnership enables KanTime customers to access several ABILITY applications for revenue optimization, eligibility and reimbursement applications in one place through the comprehensive myABILITY® online portal. These solutions include ABILITY EASE® All-Payer, ABILITY CHOICE® All-Payer Claims, ABILITY COMPLETE® and ABILITY SECUREPAY®.

"Partnering with ABILITY will help our customers make managing their revenue cycles quicker and easier," said Sundar Kannan, founder and CEO of KanTime. "ABILITY brings years of industry expertise in this area to the table. Its proven applications make the daily tasks of running the business department much simpler, saving front office staff time on claims management, eligibility verification and patient payment processing."

KanTime customers can reduce administrative complexity for all-payer claims management when utilizing the SaaS-based, integrated suite of solutions from ABILITY. With a clean claims rate of 99 percent or better, they can significantly decrease payer rejections by identifying and preventing most claims errors prior to submission. KanTime customers can also now submit, edit and receive claims and Electronic Remittance Advice (ERA) information for Medicare, Medicaid and thousands of other insurance companies through just one claims management application. In addition, home health and hospice agencies can now accept all forms of patient payment by offering flexible and convenient payment options and 24/7 access to a comprehensive payment portal.

"We are excited to partner with KanTime," said Bud Meadows, president and general manager of ABILITY. "KanTime's in-depth knowledge of the home health and hospice industry, coupled with the portfolio of ABILITY applications to help manage the revenue cycle will provide their customers with even more value and help us continue to expand our reach into the healthcare market."

About KanTime Healthcare Software

KanTime Healthcare Software is the fastest growing post-acute software provider in the nation. We provide cloud-based enterprise software to home health, hospice, pediatric, private duty, and consumer directed services agencies. KanTime helps agencies improve clinical compliance, increase operations efficiency, and achieve financial success. KanTime works seamlessly on any point of care device be it iOS, Android, or Windows based, both online and offline. Additionally, KanTime offers robust business intelligence tools that allow upper level management to drill down into various clinical, financial, and operational KPIs and take action. For more information visit www.kantime.com or contact sales@kanrad.com for a demo.

About ABILITY® Network

ABILITY Network, an Inovalon Company, is a leading cloud-based, SaaS information technology company helping providers and payers simplify the administrative and clinical complexities of healthcare through innovative applications and data analytics. The combination of MyABILITY and the Inovalon ONE™ Platform creates a vertically integrated cloud-based platform empowering the achievement of real-time value-based care from payers, manufacturers, and diagnostics all the way to the patient's point of care.

About Inovalon®

Inovalon is a leading provider of cloud-based platforms empowering data-driven healthcare. Through the Inovalon ONE® Platform, Inovalon brings to the marketplace a national-scale capability to interconnect with the healthcare ecosystem, aggregate and analyze data in real-time, and empower the application of resulting insights to drive meaningful impact at the point of care. Leveraging its platform, unparalleled proprietary datasets, and industry-leading subject matter expertise, Inovalon enables better care, efficiency, and financial performance across the healthcare ecosystem. From health plans and provider organizations, to pharmaceutical, medical device, and diagnostics companies, Inovalon's unique achievement of value is delivered through the effective progression of "Turning Data into Insight, and Insight into Action®." Supporting thousands of clients, including 24 of the top 25 U.S. health plans, 22 of the top 25 global pharma companies, 19 of the top 25 U.S. healthcare provider systems, and many of the leading pharmacy organizations, device manufacturers, and other healthcare industry constituents, Inovalon's technology platforms and analytics are informed by data pertaining to more than 980,000 physicians, 546,000 clinical facilities, 287 million Americans, and 48 billion medical events. For more information, visit www.inovalon.com.
