

ABILITY SMARTFORCE Scheduler is a next-generation, 100% cloud-based and fully mobile scheduling and open shift management application that transforms scheduling for single units, departments, clinics, facilities and enterprises.

With ABILITY SMARTFORCE Scheduler, you can eliminate hours spent on phone calls and managing schedules, reduce overtime and empower your staff to collaborate in the scheduling process.

Your staffing data is no longer buried in spreadsheets or lost on paper, but put to work for you, supporting more data-driven and effective staffing decisions.

ADVANTAGES FOR YOUR ORGANIZATION

STAFF

- **View and manage your schedule** from your mobile phone or computer
- **Get instant text or email notifications** of open shifts, schedule changes and announcements
- **Make PTO and shift swap requests** from your phone or computer
- Be an **active participant** in the scheduling process
- **Sync your work schedule** to your personal calendar

MANAGERS

- Significantly **decrease time spent** scheduling
- **Eliminate phone calls**; easily broadcast needs and get more shifts filled
- **Proactively manage overtime** with instant visibility and avoidable overtime options
- Have data on overtime, seniority, last called off or credential expirations at your fingertips to **make effective staffing decisions**
- **Effectively handle sick calls**, census changes and no-shows

LEADERSHIP

- Stay informed with **executive dashboards** and push reports
- **Gain visibility** into departments, shifts, employees, risk areas and budget impacts
- **Enterprise-wide staff scheduling** works in all types of settings – inpatient, ancillary departments, ambulatory care
- **Easy onboarding** and minimal training required, with an average implementation time of two weeks

APPLICATION FEATURES

Native mobile app offers 24/7 access to view schedules and take immediate action.

View and manage staffing system-wide from one screen with Super View.

Multiple schedule view options with visual alerts to overstaffed shifts, understaffed shifts and overtime staff.

Send announcements and broadcast open shift needs to qualified staff via text message, email or both.

View and respond to staff requests via mobile device or computer.

Changes made anywhere are instantly updated across the system.

NOW screen provides instant view into up-to-the-minute staffing situations.

Shout Outs support meaningful recognition by displaying birthdays and work anniversaries to managers and those who picked up extra shifts.

Use templates to quickly build schedules.

Set overtime and hours worked rules for different job types or areas.

Simplified integration with other HR systems.
