

Benefits to Your Organization

- **Increase efficiency** – benefit from easier, faster submission and receipt of claims and remits
- **Eliminate manual work** – no more manual batch uploading, submission of claims and downloading remits
- **Improve cash flow**
- **Resolve issues long before** the rejected claim gets back to your office

At ABILITY, we don't think there is a "one size fits all" approach for claims submission and processing – you should decide on the right fit for your facility.

ABILITY | CHOICE Medicare Claims gives you the ability to efficiently and cost-effectively transmit and process your Medicare claims. You are the experts in claims processing. With ABILITY | CHOICE Medicare Claims, you'll not only become more efficient, you'll also maximize your revenue. Best of all, with ABILITY | CHOICE Medicare Claims, you can customize a claims solution that meets the unique needs of your organization.

Product Features

- **Automated submission to Medicare** for claims and remits (837/835) through server enterprise solution
- **Direct connectivity to ALL of the Medicare Administrative Contractors (MACs)** nationwide. No need for concern should your MAC implement new EDI technology or if you happen to inherit a new MAC because of a contract award – ABILITY handles all connectivity to the MAC on your behalf.
- **User-friendly, intuitive interface** – Accessed through your web browser, it can be used with any claims creation tool
- **Web browser history** – maintains a history of remits and responses for 60 days
- **Easy implementation, with minimal IT involvement** – ABILITY web-based services are compatible with current versions of industry-leading browsers.

The myABILITY[®] Platform

Connect to all of your ABILITY services via myABILITY, a SaaS delivery offering within the Inovalon ONE[®] Platform that gives you on-demand access to everything you need. Whether you need quality analytics, eligibility and claims, revenue cycle management or workforce management services, ABILITY can help your clinical, financial, operational and administrative areas work more effectively and efficiently.
